JOINT STRIKE FIGHTER
the next generation strike fighter

JOINT STRIKE FIGHTER PROGRAM BRIEFING

to

DAU Symposium on Jointness and Interoperability

8 June 2004

RDML Steven L. Enewold, USN

Deputy Program Executive Officer, Joint Strike Fighter Program

DISTRIBUTION STATEMENT A. Approved.for public release; distribution is unlimited.

VISION

BE THE MODEL ACQUISITION PROGRAM FOR JOINT SERVICE AND INTERNATIONAL COOPERATION.

DELIVER TO OUR WAR FIGHTERS AN AFFORDABLE AND EFFECTIVE NEXT GENERATION STRIKE FIGHTER WEAPON SYSTEM AND SUSTAIN IT WORLDWIDE.

DISTRIBUTION STATEMENT A. Approved for public release; distribution is unlimited.

Purpose

- **What we really want you to talk about are:**
  - A brief summary of where the program is right now (unclassified of course); and
  - Significant joint issues (organization, leadership, cultural differences, cost, schedule, performance, risk) in the JSF Program, and the strategies you used to handle them… anything you have to say regarding joint program management and interoperability in relation to the JSF

DISTRIBUTION STATEMENT A. Approved for public release; distribution is unlimited.

What Is JSF?

The next generation "family" of strike fighters

- Stealth signature and advanced countermeasures
- Advanced avionics, data links and adverse weather precision targeting
- Increased range with internal fuel and weapons
- Highly supportable, state of the art prognostics and health management

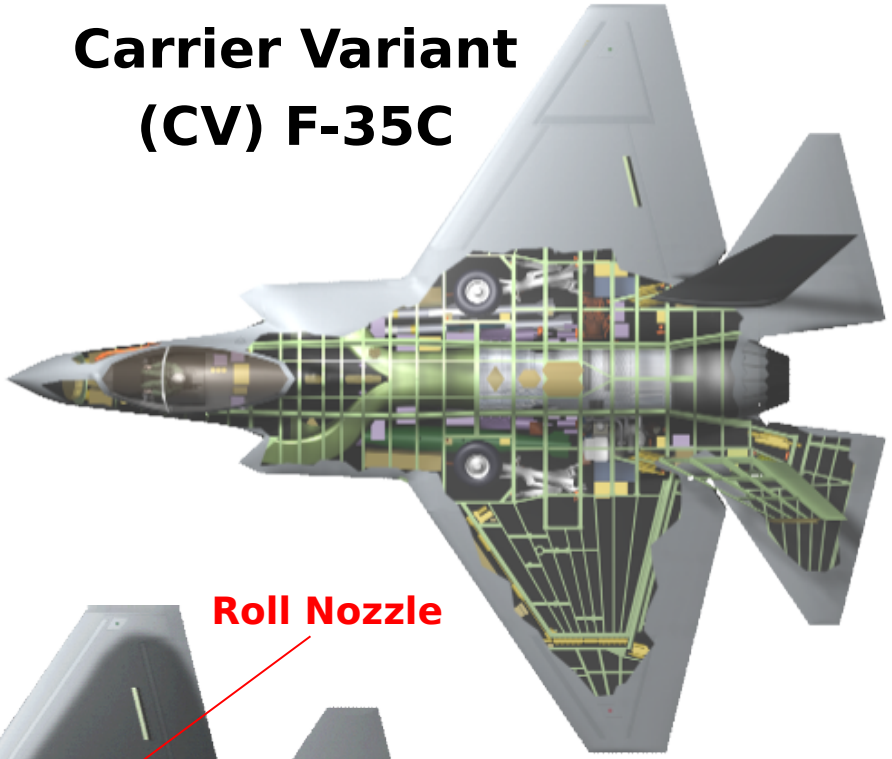
Lethal Survivable Supportable Affordable

DISTRIBUTION STATEMENT A. Approved for public release; distribution is unlimited.

JSF Family Of Aircraft (F-35 A/B/C)

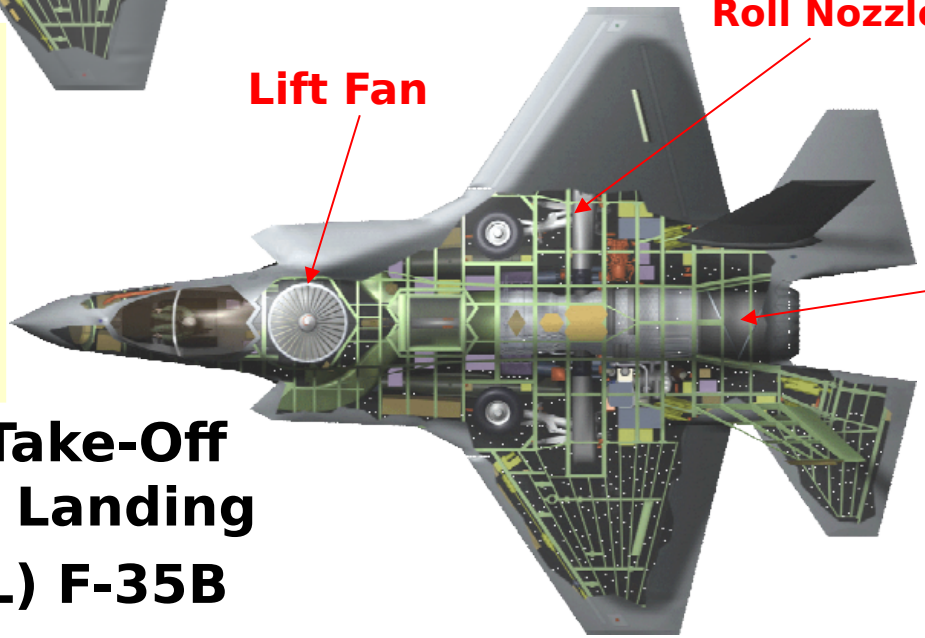
Conventional Take-Off and Landing (CTOL) F-35A

Carrier Variant (CV) F-35C



All variants

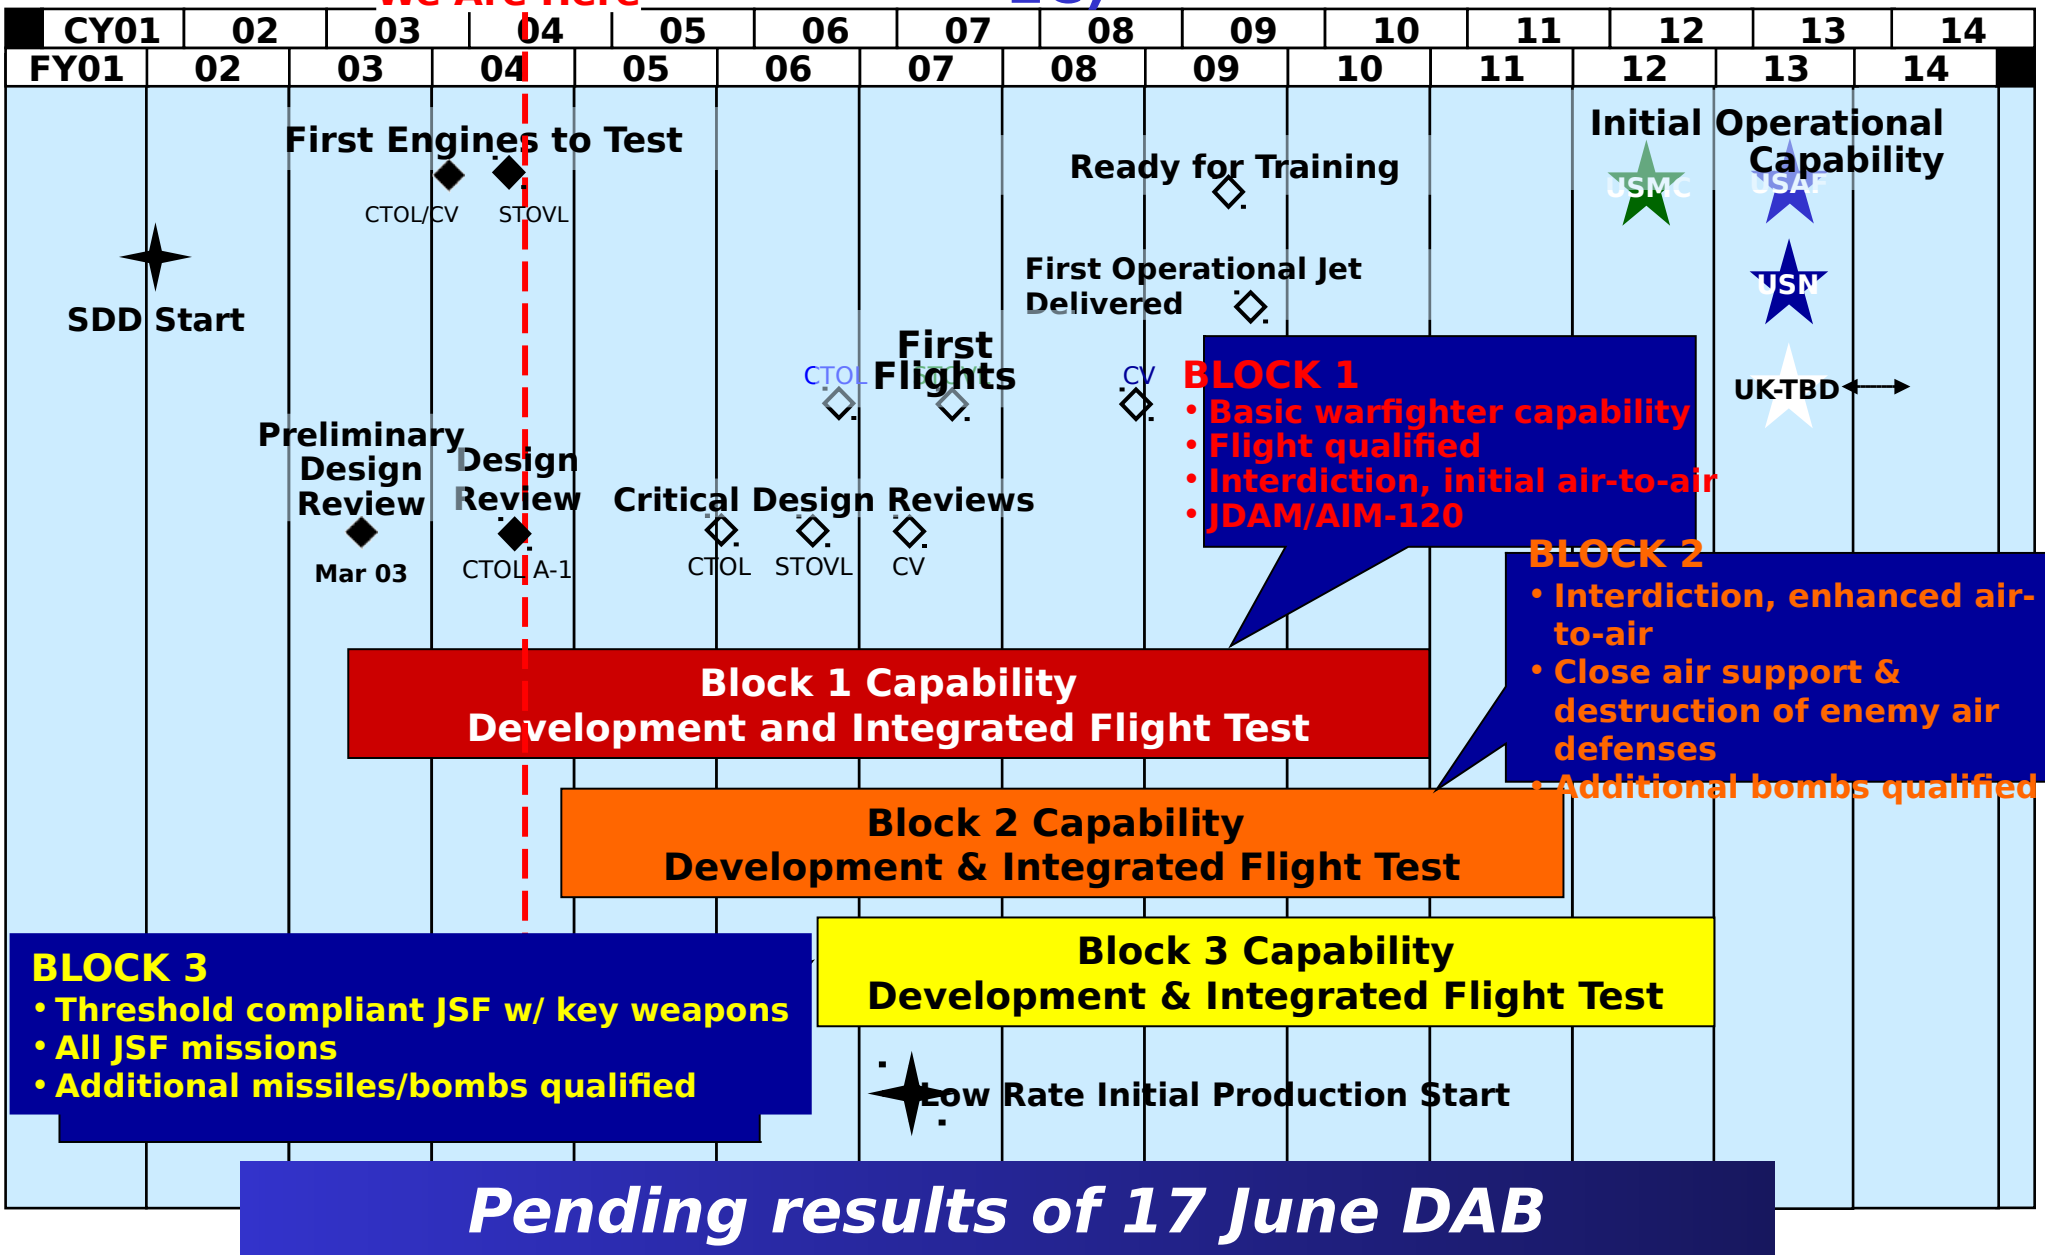
- 450-600 nm Range
- 1.6 Max Mach (Limit)
- Stealthy
- Same Weapons
- Same Avionics
- Similar Flight Envelope
- Same Basic Engines



Short Take-Off Vertical Landing (STOVL) F-35B

DISTRIBUTION STATEMENT A. Approved for public release; distribution is unlimited.

Re-Planned System Development and Demonstration (SDD) Schedule (IAW 2C)



DISTRIBUTION STATEMENT A. Approved for public release; distribution is unlimited.

Key Performance Parameters

USMC ★ USN ★ Joint ★

KPP	USMC	USAF	USN
Radio Frequency Signature	Stealthy		
Combat Radius	450 nm USMC Profile	590 nm USAF Profile	600 nm USN Profile
Sortie Generation	4 Surg / 3 Sust	3 Surg / 2 Sust	3 Surg / 2 Sust
Logistics Footprint	< 8 C-17 equivalent loads (20 PAA)	< 8 C-17 equivalent loads (24 PAA)	< 46,000 cu ft 243 ST
Mission Reliability	95%	93%	95%
Interoperability	Meet 100% of critical, top-level Information Exchange Requirements Secure Voice and Data		
STOVL Mission Performance		N/A	N/A
Short Take-Off Distance	550’		
Vertical Lift Bring Back	2 x 1K JDAM, 2 x AIM-120 With Reserve Fuel		
Maximum Approach Speed	N/A	N/A	145 knots

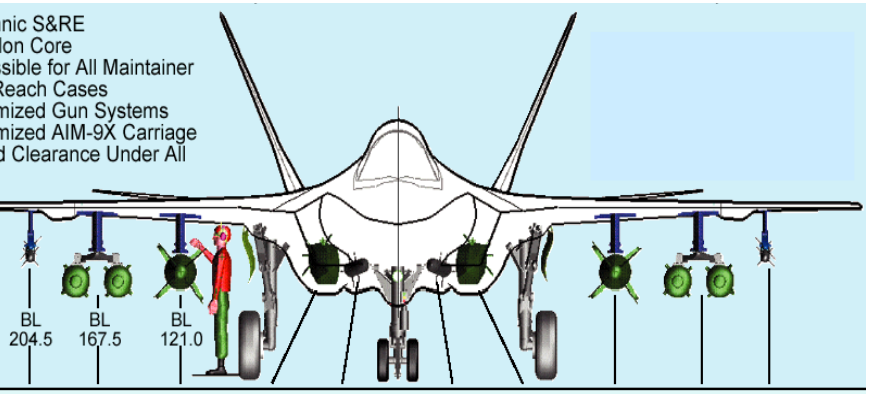
Projected to meet or exceed KPPs

DISTRIBUTION STATEMENT A. Approved for public release; distribution is unlimited.

Requirements

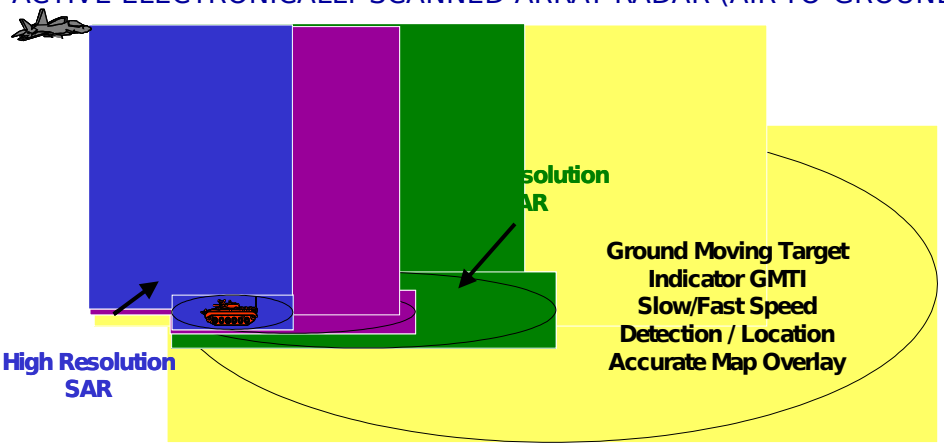
WEAPONS CARRIAGE

- Nonpyrotechnic S&RE
- Common Pylon Core
- Easily Accessible for All Maintainer Height and Reach Cases
- Variant Optimized Gun Systems
- Variant Optimized AIM-9X Carriage
- Deck/Ground Clearance Under All Conditions



Station No.	11	10	9	8	7	6	5	4	3	2	1
Store Type	A/A	A/A, A/S	A/A, A/S	A/A, A/S	A/A	A/S	A/A	A/A, A/S	A/A, A/S	A/A, A/S	A/A
Weight Capacity	300	2,500	5,000	2,500	350	1,000	350	2,500	5,000	2,500	300

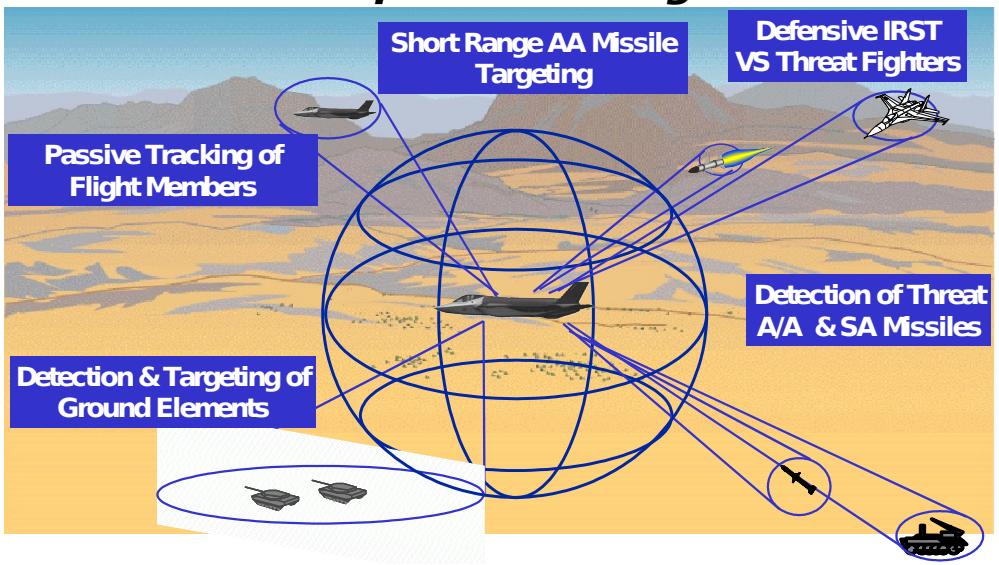
ACTIVE ELECTRONICALLY SCANNED ARRAY RADAR (AIR-TO-GROUND)



Provides Day & Night Adverse WX, Multi-Mission, Long Range Target Detection and Classification Capability, and Near Precision Self-Targeting Capability With Standard J DAM

DISTRIBUTED APERTURE SYSTEM (DAS)

Full Spherical Coverage



Short Range AA Missile Targeting
Defensive IRST VS Threat Fighters
Passive Tracking of Flight Members
Detection of Threat A/A & SA Missiles
Detection & Targeting of Ground Elements

INTEGRATED SENSOR SUITE

JSF Joint/International Strategy

Joint

- Common Vision
- Alternating SAE/PEO
- Shared Governance
- Common Requirements
- Common/Cousin Hardware
- Split USAF/USN SDD Funding
- Service Production Funding
- Mix JPO Staffing
- “Best Athlete” Leadership
- Lead Service Processes
- Joint Testing
- Joint Training

International

- Shared/Common Vision Requirements
- Country Funding by Level
- Joint Leadership Meetings
- Information Sharing
- International Forums (EC)
- Coalition Interoperability
- JPO Staffing by Level
- Industrial Participation
- Country-Unique Studies

DISTRIBUTION STATEMENT A. Approved for public release; distribution is unlimited.

JSF International Program Progression

CDP (1997-2001)

- **4 Levels**
  - Collaborative
  - Associate
  - Informed
  - FMS Customer
- **Open Invitation**
- **Min. Investment**
- **Disclosure Constraints**

Lessons Learned

SDD (2001-2012)

- **Options**
  - **Coop. Partner**
    - 3 Levels of Investment
    - By invitation only
    - Improved Data Access
  - **SCP**
    - Limited to IS & SN
    - LOI & LOA
    - Disclosure Constraints
  - **FMS Customer**
    - Case-by-Case
    - Standard LOA
    - Disclosure Constraints

Production (2008-2030)

- **3 Options**
  - MOA for Cooperative Production
  - FMS (LOA)
  - Commercial

DISTRIBUTION STATEMENT A. Approved for public release; distribution is unlimited.

DISTRIBUTION STATEMENT A. Approved for public release; distribution is unlimited.

Cooperative Production and Sustainment MOU

- **The Cooperative Production and Sustainment MOU will be a multilateral agreement that continues and expands the cooperative relationship established during SDD in order to proceed with the production and sustainment phases of the program**
- **It will not change the SDD MOU**
- **It will only be open to SDD Partners**
- **The MOU will address:**
  - Follow-on development to address common and Partner-unique requirements
  - JSF Air Vehicle, Propulsion System and AutoLog Production
  - JSF Sustainment
  - Industrial Participation, Recoupment, Data Rights, Management, etc.
- **Security Cooperative Participants - Handled separately**

DISTRIBUTION STATEMENT A. Approved for public release; distribution is unlimited.

International Industry Participation

- **Objectives**
  - Support International Best Value Use of Partner Industries
  - Protect Appropriate US Technology and Capabilities
- **Challenges**
  - Exporting a Stealth Aircraft
  - Protect our sensitive technology
  - US does not have all the answers
  - Need for level playing field for Industrial Participation
  - Normal Export License Process
- **Tools to Meet the Challenges**
  - ITAR-Related
    - Global Project Authorization (GPA)
    - B&P Exemption
  - Partner Industry Outreach Program
  - DoD/US Industry Stakeholders Meetings
  - Lockheed Martin Technology Roadmap

DISTRIBUTION STATEMENT A. Approved for public release; distribution is unlimited.

JOINT STRIKE FIGHTER
the next generation strike fighter

BACK-UPS

DISTRIBUTION STATEMENT A. Approved.for public release; distribution is unlimited.

Global Project Authorization

- **Umbrella Authorization to allow release of certain technologies**
  - Released by the State Department Office of Defense Trade Controls on 25 October 2002
  - Amended numerous times in order to increase number of authorized US and Partner industries
  - Eligible parties now include
    - 43 U.S. Suppliers
    - 441 JSF Partner Suppliers
  - Updates sent quarterly by LM to State Dept
  - Three US Suppliers currently using GPA (LM, NG, and L-3)
  - Implementing Agreement (IA) Status
    - For 2004 – 33 IA's Approved - Average DDTC turn around time is less than four days (includes weekends)
  - Bottom Line
    - GPA reduces approval period from 56 days to less than four days
    - Participation in the GPA allows use of the ITAR Exemption for Bid and Proposal

DISTRIBUTION STATEMENT A. Approved for public release; distribution is unlimited.

ITAR Exemption for Bid and Proposal

- **Replaces the DSP-5 (the traditional export license used to export a Request for Information)**
- **U.S. Supplier (GPA Annex I) can send the RFI directly to foreign industry once approved by the JSF Program Office**
- **This ITAR Exemption reduces approval time from 56 days to 2 days**
  - Provides the requisite time for the U.S. supplier to provide foreign suppliers RFIs/RFPs without impacting schedule
  - Over 150 RFIs/RFPs have been approved since April 2003 using this exemption
  - Technical data exports are limited to foreign suppliers in any NATO country and Australia
  - Technical data limited to unclassified information

Promoting a level playing field for our partners

DISTRIBUTION STATEMENT A. Approved for public release; distribution is unlimited.

Outreach Program

- **Outreach Session: Visit each Partner Country**
  - Partner Industries have opportunity to meet the team working JSF licensing for DoD and the Department of State
  - Offers Partner industries the chance to ask questions in regards to the US export license system
  - Educates US export license reviewers on Partner industry capabilities

DISTRIBUTION STATEMENT A. Approved for public release; distribution is unlimited.

Stakeholders' Meetings

- **Advance vetting of critical licenses before formal submission to Department of State**
- **Stakeholders include JPO, LM, DTSA, Air Force, and Navy plus required special authorities**
- **We try to have agreement on scope and any limitations (provisos) before license agreement is submitted to Department of State**
- **Reduces "surprises" during review process and reduces Returned Without Actions (RWA) from Department of State**

DISTRIBUTION STATEMENT A. Approved for public release; distribution is unlimited.

Technology Roadmap

- **Lockheed Martin Produced**
  - Provides a plan for Future Export License requirements from a Technology release standpoint
- **Allows USG National Disclosure Policy (NDP) Community to plan with Lockheed Martin for desired release of appropriate technology**
  - Avoids schedule delays and cost impacts
  - DTSA committed to working with JSF stakeholders to work issues in advance, help maintain program schedule, and allow JSF program office and contractors to find alternative solutions in cases where technology is not releasable

DISTRIBUTION STATEMENT A. Approved for public release; distribution is unlimited.
